News from a fellow PACAPE Source:

During one of the PDE's skype meeting this morning, PDE mentioned that they strongly believe by the end of the week over 50 counties in Pennsylvania will be in the substantial category for at least two weeks, so they will be pushing remote learning for all schools.

I do not know for sure whether the language will include "non-publics" or whether this will come in the form of a recommendation. I will keep PA schools posted as information becomes available.
